For a relaxing stay –with the personal touch– at Caloundra’s beautiful beachside

December 2008

And the winner is... - Endless Summer in Caloundra

The weather in Spring 2008 didn't let us down and brought heaps of people for a city escape to the coast. As a host I enjoy seeing my guests relaxing over afternoon tea on arrival and taking the time for the gourmet breakfast in the mornings. The recently held Caloundra Music Festival, the Coolum Kite Festival and the Noosa Triathlon mean lots of action on the Coast in a pleasant atmosphere.

In October Currimundi Lakeside B&B was awarded for the 2nd year in a row the Caloundra Region Business Award in the category Hospitality Business of the Year. As icing on the cake, last week I won an even bigger award: the Sunshine Coast Excellence in Business Award in the category Tourism/Accommodation/Recreation.

I am very proud of these achievements. It's not only a recognition for myself as business owner for all my efforts and enthusiasm, but guests could feel reassured that they've made the right decision to stay at an award winning B&B.

The Festive Season is around the corner. Remember.... first booked, first enjoys home away from home.
See you soon - or in Dutch 'tot ziens',
